

Analysis of Family and Domestic Violence Fatality Reviews

By reviewing family and domestic violence fatalities, the Ombudsman is able to identify, record and report on a range of information and analysis, including:

- The number of family and domestic violence fatality reviews;
- Demographic information identified from family and domestic violence fatality reviews;
- Circumstances in which family and domestic violence fatalities have occurred; and
- Patterns, trends and case studies relating to family and domestic violence fatality reviews.

Number of family and domestic violence fatality reviews

In 2021-22, the number of reviewable family and domestic violence fatalities received was nine, compared to nine in 2020-21, 15 in 2019-20, 17 in 2018-19, 16 in 2017-18, 15 in 2016-17, 22 in 2015-16, 16 in 2014-15, 15 in 2013-14 and 20 in 2012-13.

Demographic information identified from family and domestic violence fatality reviews

Information is obtained on a range of characteristics of the person who died, including sex, age group, Aboriginal status, and location of the incident in the metropolitan or regional areas.

The following charts show characteristics of the persons who died for the 154 family and domestic violence fatalities received by the Office from 1 July 2012 to 30 June 2022. The numbers may vary from numbers previously reported as, during the course of the period, further information may become available.
